“ We lived next door to Jack and Dot for 13 years. What I remember about Jack is he was at our house the day we moved in with his tools, ready to help in any way he could. He could fix anything. He loved my hush puppies. We had lots of meals together and a lot of good memories, like the time he found a bed of copperhead snakes up behind his house. There were 35-40 babies in that nest. He always had a vegetable garden and shared with us liberally. He and Dot were such good friends and we could not have had better neighbors. He always had a hug for me no matter where he saw me. I will greatly miss him. Prayers going up for Dot, Bill, Paula, Jason, Megan and Alex and all the extended family as well.

“ Jack was a blessing to me as a child and teenager. He was a kind man, a good man and a mentor. I have been away so long and sometimes we get wrapped up in our own lives, but Jack Marshall was a wonderful man and I am sorry I got away from those who should be most important in your life. One day we will we all see each other again, but he has gone ahead to set a place for us all. And, I will gladly look at his duck carvings again and say thank you my friend. God Bless you Jack and Dot.
