I'm so devastated to hear of this passing! I wil absolutely be praying for all of you as you go through this time. I remember working so hard with both Joe and Andy up at UT, and being so elated as things began to turn around for both of them.

I'm just really sad that this has happened. But Andy lived a good life - better than many after such an event - and worked hard to do it on his terms. And he kep smiling and kept going.

I wish I could offer something stronger than words and my support, but you certainly have those!

God bless you all!
