“ My favorite Uncle on my Mother's side. I have a lot fond memories of him growing up. I remember my Mom talking about him during WW II and what all he went through. It was uncle Bud who gave me my first haircut while my mother went to town and when she got back she got a surprise. I went from a long hair baby to looking like a little boy. I remember the summers I spent as a kid on my Grandpa's farm in Ten Mile, TN (10 miles from Kingston in East Tennessee) and playing with my cousins, especially Uncle Bud's son Ricky. Coming from the big city of Memphis to the wide open spaces of the country was a big deal to me and my siblings. It was far better than camp could ever be. I remember the dog named Jerry and uncle Bud playing the guitar while the dog sung.

I never got to personally thank uncle Bud for fighting in WW II for our freedom but I do honor his service and appreciate his bravery. May he rest in peace now that he has fought his last battle. He is now reunited with his parents, son and his sisters who went before him. I will see him again in Heaven. My prayers are with his surviving family.
