“ *Brian, Mark, Jennifer and family,
I am sorry to hear of your mom's death. I remember the good times
when Brian and I were little and my parents were close friends with
Don and Barbara. We visited at each other's homes and had a lot of
fun. Your mom and dad were both kind and loving people.
You and your family are in my prayers during this sad time.*

“ Dear family, Barbara was very dear to me because she was my first group leader when we worked together in Engineering Records at K-25 and when we were both sent to Y-12 to start up a records center there. She was always my friend at work and she always had my back. I remember how much she would talk about each of her children and how much she loved each of you.

My condolences and prayers are with each of you.
