“ Having just heard about Betty's passing and concerned that our classmates too may not have gotten this news in time to attend her service, I want Betty's family to know that her high school classmates are sharing in your sorrow. We have lost a dear friend and one we will surely miss. Betty attended our 60th class reunion this last June and we are so thankful we had the opportunity to be with her and share with her about her family and ongoing activities. Betty was such a beautiful, gentle and loving person. We extend our heartfelt sympathy to her family and pray God's comfort and abiding peace for each of you.
Freida Allen Breazeal, on behalf of Betty's 1953 Harriman High School classmates.

“ Last fall when I visited Aunt Betty we had several adventures. We explored an old cemetery, shopped in the rocky top general store, and drove all around Harriman and Kingston and she showed me every house that everyone lived in.

We spent our last afternoon before we drove home at her house. She made us lunch and she showed me all her memories and treasures, and trinkets. We spent the last 2 hours rocking on the back porch talking about all our families and laughing. This is the best last memory anyone could ask for.

I believe the kindest sweetest hearts aren't given enough years on this earth.

To her kids and grandkids, take peace knowing that she's with Roy and her parents and she watching over all of us.

Love, Amy Howlett

“ Betty was a very dear friend to me and I loved her dearly. She was a great lady and she loved her family very much. I talked with just about everyday and she would always tell me about her children and grandchildren. The more times her family was around the happier she was. She also loved her animals , I had never met a person that even spoiled the squirrels and worry that her pets needed friends . Bless her heart now she is in heaven in no pain and finally feeling better.I LOVE YOU and will truly miss you MISS BETTY.
