“ Tommy, Pat & Family,

Betty always inspired me at work-She was a perfectionist on her bookwork and greatly influenced me to be. I have always appreciated that so much. Betty also always took the time to inquire about my daughter. I thought that was so special. I don't think people realize how tough she was. The arthritis is a bad disease and I rarely heard her complain. I only wish that I had her strength.

I offer you my sympathy today. Sincerely, Angela
