“ *I knew Cecil for a relatively short period of time. He always wanted me to go out riding on our motorcycles, but time never allowed for it. We were both members of ProNet, a great organization that brought us together, at least once a week.*

I was shocked and saddened when I heard the news.

Though time has passed, my prayers are with Cecil's family and friends.

“ I was saddened to hear of cecil's passing. He was my first University of Tennessee roommate at Hess Hall.

I looked him up on facebook hoping to find him and catch up with him. He was back then about 100 lbs of laughter, fun and was very serious about his education. He loved to read. I have a photo of him somewhere with his beloved Kawasaki 500. One day he nearly scared me to death zipping through the Smokey's hanging on to that bike for dear life. Me and some other UT friends visited him in Sweetwater once.

He was colorful and had a wonderful sense of humor. We threw a bucket of ice water on him in a hot shot shower one day. He got even with all of us!

He would flip out if he knew I ended up with 11 children and 20 grandkids (so far) !

I look forward to shaking his hand again on the other side of the veil. I feel certain he is progressing and serving there in a wonderful capacity.

I am grateful to have known him. Cecil...."God be with you 'til we meet again."
