“ Charles "CD" what a wonderful person you were. I remember when you and Margo were in Nashville one time, you helped me with my math homework! What about the time me, Margo and Dewayne came and picked you up at that nursing home, we stopped at a hamburger joint and got burgers and went on down the highway. You were loved by so many, I hope Dewayne contacts me soon, he's like a brother to me. 3-31-18 MGJ
