“Hosey has been a dear e-friend for more than 10 years. We met when Lynne invited me to join their circle of friends e-group. Hosey had such a great attitude about life, in spite of difficulties and health issues.

She made an effort to select beautiful stationery for her emails and often addressed one to each of us on the list with a special greeting. I know she used to keep notes about all of us so she wouldn't forget any of the details of our lives.

Through the years, she kept us up to date on little Pierre, and then on Miss Ginger, her faithful little dogs. When I lost my dog in 2001, she was one of the first to send a tender message to share my grief. She shared her stories much like we did the ones about our children. We were part of each others lives.

I loved hearing her soft Southern accent when we spoke on the phone. We all felt as if we had known her all of our lives. Her passing will leave a hole in our lives, but she will be remembered with fondness and love.

May your wonderful memories and God's love sustain during this time of sorrow.

“ I've had the pleasure of being Hosey's email friend for over 10 years. We first met when we were both members of a large support group for Sjogren's Syndrome and other autoimmune diseases. We became even better friends when some of the group broke off and formed a small private support group. Hosey always had a kind word for all the members and a wonderful sense of humor. I had the great pleasure of meeting her while I was travelling on about 4 different occasions. She was a very special lady and I am so sorry for your loss. I will keep you all in my thoughts and prayers.
