“ Terry & Family -
I just heard of the Diane's passing and was thinking of the many memories of our families from long ago. While there are no words that can take away the pain you feel at this time I hope you find peace and I will keep your family in my prayers.

“ I am very sorry for your loss. I know what it is like to lose a parent especially around the holidays. Always remember the good times and reflect back on them. I remember Diane from my younger days when we all lived much nearer to all of the family. Everyone moved in so many different directions and we all seem to have lost contact with each other but it was nice to know that we were near again. She will truly be missed. Much love to all of you during this time if grieving but know that she is in a much happier place for eternity.
