“ I was so sorry to learn about Dollie's passing. I didn't know until well into February. Dollie and I were in junior high together, and reconnected in later years when I had her children and grandchildren in class. She was always such a sweet person and devoted to her family. I don't think she ever missed a school function that they were involved with.

My heart is with her children and grandchildren. She loved them so much! We will all miss her, yet feel privileged to have known her.

“ We haven't seen each other in years but I was so shocked and
saddened when I was told today about Louise. Charles, Benny and I
are so sorry. Louise was a wonderful person. If we had known
earlier we would have been there for you and the kids. We will keep
all of you in our prayers. Let us know if you need anything.

“ I Will always remember the times I came to Chattanooga to visit with you, it was always a visit to remember. We would walk down to the store play games, and just have a good time. I will miss you greatly. You can now spread your wings and fly where ever you wish, and I know you are having a blast catching up on times pasted with your mom, and dad, and granny and my dad. R.I.P. Walk those streets of gold and suffer no more.
