“ To Patty, Anita, Mike and family, I spent many good times visiting at the King’s. Earle would speak his mind to us if we needed him to but I really remember all the laughter and giggling he prompted. He opened his home to us and shared his time. The world is a better place because he was in it. I have memories of us teasing Anita and he being a ring leader. I’m so very sorry about his passing. Lifting you all up in my prayers.

“ Earle King was a very special man who gave countless hours of his time in support of his family, his community and thousands of individuals over his volunteer career who needed support, a friendly smile and a kind word! He did all of these things through a love of others and through a heart of service. He will be remembered for all these many things that he did to lift those around him and those of you who knew Earle knew that his life companion was Anita and she walked alongside him in their mission to serve others! Rest easy my friend, you left this place better than you found it and your service will continue even though you have moved on to a new home. Aaron Bradley

Earle ... Anita would share some of the most hilarious stories of her and Earle. We wanted her to write a book on their wonderful life together. Earle was yes 95 but he sure didn't act that age. Sorry to loose such a wonderful friend.

“ Anita, I am saddened to read of Earl's passing. I remember growing up in "King's Addition" and going to the church at the bottom of the road. It is my hope and prayer that you find comfort in knowing we will all be reunited one day and that he is there waiting for you. Cathy Hinds Cavness

“ I'm am deeply sorry for your loss. Earl was always a good man. We respected him when he told us to behave. Back then all the neighbors called you out. If the offense was bad enough your parents were informed and you know what came next. Earl and Anita was good to us bunch of Clark kids. We probably drove them crazy. But, they never let it show. Patty and Mike were our neighborhood friends. Good memories.
