“ To the Buckholtz children,

*I am so sorry to hear about the loss of your mother. I think that I had all of you in my class through the years; and your mother was always such a sweet lady any time I ever talked to her. I pray that you will find a way to deal with the hurt and pain that you are suffering. Praying for you to find that peace.*

“ Well little sister here we are . I will really miss talking to you everyday hearing you say love you buddy or love you more You know I love you more. I know you are with our Lord and with mom dancing on the streets of gold enjoying the company of love ones we have lost and you are joined with. Oh what a glorious time you must be having. No more pain. You now have a body that is free and not tying you down. So happy for you so sad for me till that glorious day is mine and we will be together again not to long in the future. I will check on your kids do what I can to keep them headed to the glorious reunion that awaits us. You were so strong which will help keep us strong God Bless us and keep us.
