“ I've just heard of Ethel's passing. I am so sorry to hear of this news. I loved her dearly and cannot believe she is gone. I dated her son Brad when we were attending the University of Illinois. I loved her so much and always dreamed that I would have a mother-in-law like her some day. She and I spoke often on Facebook and she followed my son during his football recruiting on his way to college. I often told her how I considered her my MIL even though Brad and I have not seen each other in many, many years. Unfortunately I did not get a kind mother in law so it was comforting to know she wanted to know about my kids and family. I loved hearing about her grandkids, she loved them so much.

She was such a special lady. I loved her determination and how she didn't let anyone push her around but always had the right touch to deal with the situation. I loved it when she took me to her church in Joliet. I was raised Methodist so it was very different but I enjoyed seeing her closer relationship with the Lord.

I had always hoped my family would be near enough on a vacation sometime to see her again. I love her so much, please know my thoughts and prayers are with your family at this time.
