“ Shirley and Vicki, I am praying for you during this difficult time. Words cannot say enough to take away the sadness or pain but please know that there are many people who love and support you, more than you even realize. We have had your family in our hearts since your family came into our lives at Caverna so long ago. We will continue to pray for you.

“ Dear Shirley and Vickie,
I'm so sorry for your loss! Shine was a wonderful man and I have so, so many fond memories of him and all of you! I consider you all an important part of my childhood! Even though we lost touch over the years, you all have remained precious to me and been in my thoughts often. I hope you will find comfort in knowing that he no longer has to grieve for our precious Donna but is reunited with her. I'm sure their reunion has been one of pure bliss! While you will miss him greatly and he you, be comforted in that thought of them together again! I love you and will be praying for your peace and comfort. I am saddened that I did not get the opportunity to see Shine here again in this life but I look forward to seeing him and Donna again some day!

With Much Love,

“ Just want to say I am sorry for another loss to your family but what a glad reunion day it is in heaven as a father and daughter meet again. I have thought of you all often thru the years and will never forget the sleep overs Donna and I shared especially the time she rode my sisters little corvette go cart and kept going down the hill and couldnt stop or the picnic we took in the woods on my mini trail. Not sure you knew about those times but those are my memories of Donna, fun times laughing all the way! May God bless you all as you are in my thoughts and prayers.

“ There was a empty field between my grandmother's house and Donna's. We use to cut through the property in the early morning to get to the opposite street but would get shocked by the electric fence. I remember laughing with Donna about that fence. Donna went out of her way by offering to help me with cheerleading try outs in her back yard. Shortly after, Donna, Jeannie Kinslow, Mindy Hunt, my sister Connie and I sat on The Sitzlar's driveway talking about the summer, boys and her trip to Tennessee. It seem like we all talked for a long time and I will never forget that day, as long as I live. It became the last time We would see her. I thought she was very sweet and kind. I have kept her in my heart and I think of her often.

“ My thoughts and prayers are with your family during this time. What a wonderful reunion with Donna being reunited with her father. Donna was such a wonderful person and her smile would always light up a room when she entered. She has been truely missed by the Class of '85.
