“ Cheryl, Michele, and Mike;

My thoughts and prayers are with you during this difficult time. I will always cherish growing up next to you and your parents. My fondest memory of Freda was when we all got motorcycles with a clutch and she was going to show us how to ride one, and she popped the clutch and just about wiped out. She was very cool about it, and made sure that we all knew that was not the right way to let out the clutch. She was so funny!! I loved her like a mom. I also remember the time that the bear from Westel got loose and came over the mountain and she thought it had stolen some bacon that she was cooking. I'm not sure if that was what happened, but it did make a great story.

I just found out about the arrangements and will not be able to make it to the funeral home.

*With Love,
Bobby*

“ I'm so very sorry for your loss. I know there are no words that can help the pain that you're feeling right now. Let the little things bring you comfort and peace like the beautiful butterfly that won't leave your side, the sweetest smelling flower at your feet, the first raindrop that lands on your cheek, and the brightest star that's in the sky. These are all signs of her letting you know that she's still close by.

*Sending all of you my love,
Steph*
