Tribute Wall

“ I remember this day very well a few years back as I came home from a trip to New Mexico and you had to have a sombrero to add to your hat collection. The fun we had with that thing and the way you smiled and goofed off with it just made it so worth it. I have so many memories and I will never let them go. You were the best of the best to me and always will be. You left big shoes to fill and I do not think anyone will ever be able to do that. I love you papaw.
