“ Rest in peace my friend. So much of what I know in my job today and the good morals that I believe I have are because of what I have learned from you. I will always treasure our time as co-workers and as pals. You and Tom were always good to me and great fun to be around. Although it saddens me to say good bye to a great friend, I am happy for you that you no longer feel the pains of this world and know that you are in a much better place.

“ I am so heart broken! We had so many good times together. I use to tell you, don't waste your time with all that thread and cross stitching! Then you got me hooked! We would shop for days for that one pattern we just had to have!! Now I have a room full of memories and good times. My corner is full!

You and I were like sisters. We worked together like no one else could, Tom always made sure that we had the best of everything. He was our supporter when no one else would be. Dragging him around to find what we wanted. The long days and nights at Curtis's office are very memorable. I just don't want anymore slumber parties!

You will always be a part of my life. You help me in every way possible, but that was the kind of person you was.

I am gonna' miss you, save me a place in that Cross Stitching Heaven in the sky and I will bring my own patterns!

May God be with your family and friends,
Brenda
