“ Gladys you are a beautiful gracious soul I want to Thank you for allowing me to be your caregiver for your freehearted unselfishness soul. You still wanted to care for me and others around you even when you were at your weakest wanting to put your needs aside to meet others needs if the world had more soul like you on earth it would be a better place this side of heaven. You have shown me how Gods love works through people by your actions even at your weakest you showed Love. After your passing I stepped outside your door seen bluebirds everywhere. Blue birds is a symbolize of knowledge, hope, pleasure, good health, prosperity, enlightenment, growth, birth, renewal, change, new beginnings, messages from God, our spirit guides, your departed loved ones, the victory of good over evil. I know you are in the arms of the Lord rejoicing your body doesn't have you anchored to this world no more you are free to be in the Lords Paradise in his kingdom. I want to thank each and every family member for trusting me with your precious, precious loved one (Thank You.) Gladys you are at rest now Thank You for teaching me even at your passing. (Etta)

“ Aunt Gladys. I am going to miss you so much. The last time I saw you was Sunday night and even though you was very sick and hurting, you was still worried (as usual) for me when I had to go work out of town this week. I have so many memories growing up at your house. The countless Christmas' and Thanksgiving's I spent at your house along with all the Saturday nights and Sunday afternoon dinners. It was some of my fondest memories growing up. Becky and me riding bikes around your house (and my bike wrecks) also shooting fireworks on 4th of July there. Too many memories to list here but most importantly, I will get to see you one day in glory!!
Love you and miss you Gladys.

“ My sweet Aunt Gladys, You are going to be missed, so much more than you will ever know. By me and the rest of the family. You were my second Mom growing up and still tried to take care of me when I was grown. You dedicated your whole life taking care of your family. I visited with you this past Sunday, you looked at me and said, I bet you are hungry, I need to get up from here and go fix you something to eat. Even in your last days, you had your family on your mind and in your heart. You were the most selfless person I have ever known. You never complained and always showed love to anyone who walked into your home. I can't even imagine what your eyes have seen and your ears have heard, since you have been in the presence of our Savior. And being with all your loved ones that have gone on before you. I am sure your crowns are many. This is not goodbye, this is see you later. I love you and I am going to miss you so much!!! Just be waiting on me when I get there.
