“ *In my search to try and find you Martha I came across your grandmothers obituary and saw where your Mom had also passed. I am so sorry; they were both such lovely ladies. I'm also sorry that we have lost touch to the point that I didn' t know of such hugely important events in your life. How is it that many years ago we had so much to say that we had to pass numerous notes in school and have hour long conversations at night and now can go so long without communicating? I have become a different and I pray better person than you last knew and I would love to hear from you if you so desire. I send much love your way.*
