“ Well it's been two years since you passed, It really has changed my life forever because I have a different perspective on things now. I will never forget the memories that we've made during the 3 years of you driving the bus. Thank you for being so thoughtful, That is really the first time that someone actually was willing to help me out with my problems. I cried when I found out that you were going to give me your truck when I ever got a license because that is best thing that someone has done for me. I hate to say this but I don't think that I'll ever a friend like you ever again. You were family to me. I'm now just started senior year of high school and I cannot believe how insanely fast it has gotten. Life just has not been very nice to me lately ever since you passed. The lesson I learned from this is that to spend time with your friends and families as much as you can because they might not be here tomorrow. I hope you are enjoying it in heaven. Rest In peace Barney. You will never be forgotten.
