“ *To Helen's Family,*

I was saddened to read in the paper that your mother had passed away. I was the therapist that worked with your mother at home. I came to love her and she and I had some very long and heartfelt conversations. I know that her family was very important to her. She was excited to have the bridal shower at her house, to get to go the the wedding, the reception, to buy a car, and most of all, to reconcile with her baby boy Caney.

When she was discharged from home health, she was doing great and she had come a long way. I can't imagine what happen to change her condition. She was so proud of all her grandchildren and loved seeing them and spending time with them. She loved to cook for her family, no matter how taxing it was for her.

My heart is sad and I will miss her dearly. My life has been blessed by having had the privilage of knowing her. Let her love of family live on in each of you, and be sure to let your children know how much grandma loved each of them.

I pray that God will comfort you in this time of sorrow and give you peace. May God bless each and everyone of you.

Sincerely,

Phobee Johnson
