“ We were so blessed to get to know Jack through baseball - a sport for which he loved! He taught the kids to play the game and love it!!! He rewarded them with ice cream even when they didn't win! (Obviously, the kids loved that!). I hope he knew how many lives he touched and how many young people will be better adults because Jack spent time with them and truly got to know them. Coach Jack, you will be greatly missed!

“ I have known Jack since 1982. I have not had the privilege to be around him or his family much in the past 10 years but thought of him like a brother. Circumstances and distance aren't always the best for families to get to see each other but we all know that he was loved and well thought of by his family members and friends. May God Bless his family including the ones that are not able to be there to wish him farewell because of circumstances One day we will all meet again.
