“ It was my pleasure to get to know Elmer after researching my family tree and discovering that Gr. Grandmother's name was Louisa Burnette the same as a high school classmate. To ake a long story short, Tommy and Louise whom I had attended highschool with arranged for me to visit him.

Elmer was gracious, courteous and kind, not to mention humerous. Elmer and muself being a slight bit hard of hearing(?) I sat right next to his easy chair so we could talk. Not realizing that he was studing me until he said while rubbing his finger down the bridge of his nose," you must have some Burnette in you from the look of your nose."

God Bless you Elmer and thank you for your part in making this world a better place.
