“ In 1978 Mr. Harkenrider challenged the class to "look him up" when we became adults and tell about our professional lives. He said that it would be unlikely that any of us would do it. That is one of few memories I have as a kid. By the time I thought to do it, Mr. Harkenrider had already passed. I was intrigued then, as I would be today, that a teacher would care about what I would become as an adult. I felt it remarkable that Mr. Harkenrider seemed optimistic about who we would become. For the record, I moved from Carson to Reno, completed a 28 year career in law enforcement, mostly working with the Federal Courts. I specialized in complex and deviant criminal cases that most of society doesn't want to know about. I now work for a large tech company and I'm still trying to make a difference before its my turn to pass. Thank you for making a difference Mr. Harkenrider!

“ It has been nine years since Mr. Harkenrider passed, but I felt the need to share that I really enjoyed having him as a math teacher in 8th grade in Carson City, NV years ago. He was an excellent teacher and always had a nice smile and greeting for me. I remember him fondly.

“ *It was my privledge and honor to know Jim Harkenrider as a school teacher and a wonderful friend. His humor always made our family feel so welcome and cared about. in his home or at school. He had such a warm and loving spirit that my family enjoyed always being with him and his family. I have known alot of very proud Dads in my life, but Jim absolutely was one on the top. You could see the second his children entered a room a loving caring glow come on to his face. He called me one day at work to keep an eye on Francie as she had been ill and should NOT have been at work . I told him that was impossible, if you know Francie, but I would try. What a very special husband, Dad, teacher and friend. He will be deeply missed and we will always remember all the joy he gave to us.*

“ My cousin Margie called my folks (Ralph and Maxine) to share the sad news. I had 'found' Tiffany and Nicholas via the internet last week and didn't realize how we were related until Margie's call. I knew Jim's dad as "UJ", short for Uncle Johnny. I was much younger then and may have met Jim as a girl but I do know that UJ often spoke of his sons...fondly and as a proud father. I met up with Gerald and Lois at Helen's funeral in Chicago late last year. I am sorry that our family 'reconnection' didn't happen sooner. Please know that the transplanted 'Texas' Harkenrider clan is saddened at your loss. You are in our hearts and prayers....Joan...
