“ My thoughts and prayers are with all of Jennifer's family. Jennifer and I knew each other through our parents initially however while life took us to separate places as adults, she and I spent time together during a time in my life when I was living through a major adjustment. We both had children around the same time and had some very fun times and long talks. Even when our paths crossed after having grandchildren, we talked as if it was just yesterday when we saw each other last. I am so grateful to have known Jennifer and I know she will be so missed by many. My Mom, Terry Milton does not go online and is not feeling well so she can not be there today but she too wanted me to also send her love, prayers and wishes to Jennifer and all of her family today.
