“ I am very sad to hear that Steve has passed away. I first met Steve at Roane County High School in 1970; we were in homeroom. We became good friends and spent a lot of time together during the next few years trying to make our Chevrolet's go faster. I worked at Holiday Inn and Steve worked next door at Scottish Inns. I can remember many a day and evening at Steve's house working on cars. His parents were always so nice and supportive. I can still see Steve's first Chevy II, then the Z-28 and the "Lil Illegal" Nova. It was such a simple time, when drag racing was true sport of Kingston and the Bounty Drive In was the place to be.

Like so many high school friends (and through a year or two at Roane State) we parted ways, each seeking our place in life. No matter how much time has passed, it is always a great feeling when I reminisce back to when Steve, Joe H., Scott P. and I would just ride around aimlessly sipping our favorite beverages, smoking cigarettes and solving all the world's problems.

Steve will always be in my thoughts and prayers. May this give some comfort to his loved ones in this time of sorrow.

“ My condolences to the entire family during this sad time. Though not an adult friend to me, I remember Steve fondly from our days as classmates. I know he will be missed and I hope knowing that others care and think so highly of your loved one will help you through each day, one day at a time.

Sincerely, Stephanie Tucker

“ Like Cindy, my family and the Dodson's were neighbors years ago in Kingston. There were a lot of kids on that street and we all played with each other. I also went to school with Steve and recently found pictures of our 3rd, 4th, and 5th grade class. I am truly sorry for your loss. Dana I remember you fondly and know your husband, Ray, as well. I wish I could be there for the funeral but distance makes that impossible. I will make a donation to Dayton Animal Shelter in Steve's name.

“ Jesse and I worked together on evening shift at Sequoyah for a couple of years. I ordered stereo equipment for him and I in the mid-80's, which he told me still worked great. I haven't seen him 20 years but we talked a few months ago. We were going to hook up, but didn't get the chance. I am sorry for that. We were good friends and I will miss him.
