“ My Dear Father, You were one of a kind and never gave up.. A blessing to everyone that was a part of your life. You showed us how ; hard work, being positive could bring happiness and stability into our lives. I'm grateful to have had in for a part of my life I'm blessed to have had a chance to say, goodbye and hold your hand. I especially give my gratitude to my fathers life partner, Issabell Barna, whom without her love and dedication our Father would have never got the support and special care she gave from her heart. Blessed and my deepest condolences to everyone that was apart of your life You will be missed and I love you always!

“ I love you so much daddy and you are so special to me and our family. Your touch, your love and your positivity will go on in our family! Seeing you those two days in the hospital has meant so much to me. Especially the times I know you knew it was me by touching my face. You used to always do that to me as a little girl and growing up throughout the years. How the love you showed us has created a love that will never be lost but will go on in my memories, pictures, and discussions we will talk about you to keep these memories alive and never forgotten for generations to come. Thank you for being a great grandpa and loving your grandchildren even when you were not well yourself. They know what true love is by your example and having a grandpa who loves them will never be forgotten. There is only one, you! I will see you in heaven one grand day. Until we meet again. I will love you for all eternity; Daddy and thank you for being a great Dad and Grandpa to your grandchildren.

All our Love,
The Cejka Family and your daughter Lori
