“ *It had been a long time since I had seen Brian but one of the last times I did was at a crawdad boil. He was laughing n having fun a huge smile was on his face. We had a great day with all our friends around. When I left he bent down .... Waaay down n hugged me. I loved his hugs... Cause I knew he meant them! This world has lost a beautiful soul n even tho we hadn't spent much time together the last few years, I will miss him.*

“ Whenever he has crossed my mind over the years, I automatically picture several of us standing by the bar at Calhoun's talking and laughing. Every memory of him is a positive one. I hope you all can find comfort in remembering those happy moments.

“ *Brian was one of my best friends in high school. My favorite memory has to be me and him at one of our school dances, dancing around like fools doing the dance from Titanic! We spun so fast that we both about flew across the room when we let go! He was always such a free spirit, loving and kind. He brought out the best in me back then, the fun side! I will never forget that. He would tease me always about being so quiet and how I needed to loosen up. My sweet friend, I pray he finds peace now. Prayers to his family for peace and healing during this most difficult time. Words cannot do anything to make you feel better, but I sincerely hope you can recall the happy memories and smile, even if just for a minute. He wouldn't want it any other way.*
