“ Hey darling. I miss you so much. My god I've never wished so much that I could go back in time. I hate the thought of you not being there. I don't wanna believe it. It drives me insane. I'm afraid I'm gonna literally go INSANE one of these days thinkin' about you and how I can't ever see you, touch you, hold you. It kills me to think that I was probably one of the last people you talked to and I couldn't say enough. I'm so sorry. I waited up for hours waiting for you to come back after you said brb. I kick myself in the a\$\$ every day for not driving down there. Had I known what was gonna happen, I would have been down there in a heartbeat. I hope you knew I loved you with all my heart and I'll never forget you as long as I live...

*Natalie Peck, this is Josh's sister Crystal. I had this erased once before, so I'm not sure why it's back up. You're a very evil, messed up woman. Josh ditched you yrs before he died, n he had a gf who lived w him when he died. You took it upon yourself to contact n harass his family when he died, knowing he can't object to it. Stalking peoples cellfones n everything. When he ditched you, you wrote notes w death threats to him. Asked him for money when your parents put you in military school for being such a mental brat. Stay away from my family. Josh was not with you, you couldn't stand that he would never date you again when he was alive. Ridiculous.*

*“ Well, I just found out about you today and I'm still in shock. It's so unbelievable, I can't stop crying. I wish it was just a joke but now I know it's not. I wish I could have said more that night to make you stay. I really did care a lot about you even though we never met and I regret not ever coming to see you. I know we hadn't talked much at the end, but I know we both had a lot going on. But I always thought about you and always will. No one will ever replace you. Ily forever and always....*
