“ Wanda was a wonderful women, and she will be missed by many. I remember talking to her when my mammaw was in the hospital. I saw her in the hallway and asked how she was. She told me she was good and that she was there to feed another patient. I asked if the patient was related, and she said no. She then told me that she stops by to feed those who could not feed themselves, because she didnt want them to be hungry. I will never forget that. She had such a wonderful heart. RIP Wanda, we love you very much.
