“ My memory of Julie is she took pride in what she did From driving a fork truck ,paperwork . there was nothing she couldn't do she would always get the job done. I loved her and my talks when we would go out to eat. she will never be forgotten. Love you lady

MM

You will be missed. Working with and around a someone, like you Julie, for 30 years causes family like ties to be formed. I will never forget your face as I would drive around the corner of the LVRF and beep my horn at the STOP sign. You would be on your truck and would wave me through to get out of your way so you could get the job done. My last memory of you will be the day, sometime in early September 2022 that I passed you on Rankins Chapel road. You were headed home from work. I had left work early to go to my father-in-laws house after work and was headed to my house. We passed right before you get to Grover Browns place. I never would have thought that would be the last time I would see you driving that little red Juke. Praying for the family. God be with you all.

I met Julie several years ago when we bowled at Tri-City Lanes in Midtown. She was always so sweet. So sorry to hear she has passed away. 😞

DP

Susie was a childhood friend and I had not seen her in many years, but prayers go out to her family and friends as she passed away too soon. May God be with the family in their loss.

What you saw was what you got with Julie! You always knew where you stood with her and she was quick to let you know if you happened to forget! She always stood up for what was right! This petite woman could hop on and off a fork truck quicker than I could get out of my seat! She would ask me if i was ready to start work and we would be off and running! I worked side by side with this woman for 6 years and I admired her work ethic, but more importantly I admired and loved Julie the woman. She had a heart of gold...she will Forever be My Friend! Fly high Julie!
