“ *Kelth was a great guy and a great friend/Boyfriend. I enjoyed the time we spent together. (Even though we butted heads some time because we were so much alike) He definitely had a heart of gold and would give his shirt off his own back for anybody. He did wonderful things 4 people. He was a hard worker and Could make great gifts with his welder and with his woodwork. He truly loved his family and friends. Prayers for his family and friends. Rest in peace Keith you're always be remembered, missed and loved.*

“ I wasn't around Keith that much but when I was I was smiling and laughing, because his smile was contagious. On one of are outings we rode bikes with some folks up towards Newport. We ended up splitting off from them, and headed home but really didn't know the way. We was jus riding the way we ride and hitting this road and that road. We may or may not have been speeding a LITTLE? Haha. As I catch up to him and slide to a stop at a red light he is looking at me with that big smile(if you ever met him you know what I'm talking about) and he says I don't know where we are going but we are making good time! I bust out laughing, the light turns green we dump the clutches and are off again. RIP CUZ

“ We've not only been cuzes for life, we've been friends also. We were at the lake one time when we were both in junior high school, we were swimming and got to arguing over a girl and he spit on me, man it was on then, we began to fight, our parents didn't break us up they let us fight it out. That was on the weekend and I ended up in the ER getting a cast cause I had a major boxing fracture, but I went straight to him Mon morning to the top bleached and kided him about his bloody eye. We always have been best of friends since. I have kept him busy several times using his God givin talents, I believe he could do just about anything. He is gonna be sadly missed.
