“ *Ken and I were in the same class at Harriman High School and we were the same age. In study hall and assemblies we were almost always seated by grade and alphabetical order. Ken was an S. and I was a T for Thurman So we spent a lot of time sitting next to each other. Mr Andrew's used to accuse me of copying Ken's work in our civics class. Not that I would not have been honored to use Ken's work, if you ever saw his handwriting it was so tiny there was no way. After high school we worked together at the White Store. He was such a sweet guy I remember how he loved to drive up to Rugby in his Chevy Camaro. I've thought about him often through the years even though I don't think I've seen him since 1974. I wish I had looked him up after he friended me on facebook. But I didn't and I'm really sorry that I didn't.*

“ Mom knew Lee and Jean before Ken was born, so Ken has been a lifelong acquaintance. We became friends later in life. I will miss talking and visiting with him. Rest in peace, my friend...
