“ I got to know Lester when I went to work at Roane Metals. Lester was the type of that would help a person out in a heartbeat. He was a good hearted person. He really never had anything bad to say about anyone. He sure could tell some stories though. We got to become good friends and co workers. He's helped me several times. He'll be greatly missed.

“ My favorite and sadly the last conversation I had with my cousin about a month ago is what I will cherish. We talked for a while, something we had not done in a very long time, he made me laugh. He is a staunch Ford man and I love Chevys which became an avenue for much teasing. It is that sense of humor, kindness of heart and quick wit that I will remember most. My condolences to his beloved family. Rest In Peace dear cousin you are loved by many and will be greatly missed.
