“ *I was deeply saddened to hear about the death of June. I know how difficult this must be for you. The lost of such a wonderful parent, who was your Friend as well as your Mother is hard on us. You are in my thoughts and prayers. June was such a real friendly, happy person and she would always have a smile on her face when I stopped by her house. I remember all the times we visited June and Jake, they always made us feel welcomed. Christopher watched the first television at June's(27 years ago). June and I would always talk about that when I stopped by. She remembered the little things. I know how much you will miss such an loving person. I encourage you to call me if you need anything. May God bless you and your family during this time and always.*
