“ *Elizabeth,*
I am sorry for your loss, may God be with you during this sad time. I always admired Marlene in high school. She was someone you noticed by her immaculate pretty looks and the way she dressed. I can see how she became a nurse. Bless you and your family!!!!

“ I met Ms. Morton when I worked at the Harriman Hospital years ago. She was the lead nurse on what was called at that time B3. She was always so cheerful and loved her co-workers and patients. Everyone called her by her first name because thats the way she wanted it. Several years later, I ran into her again when my grandmother was a patient at Marshall Voss. She had retired from the hospital and was working there spreading her cheer, warmth and love. She was a special person. She cared for my grandmother for several years, and knew everything about her. Marlene never had to fake anything because she was so genuine and cared so much for others.
