“ *My prayers go out to you all at this difficult time.*

I have had the pleasure of taking care of Nancy as a patient for over a year and she has a special place in my heart. She was always happy and smiling no matter how difficult things were. She could always make me laugh. I will never forget her.

I don't know any of you personally but I feel like I do because Nancy talked about you all the time. She loved her family very much and was so proud of each and every one of you.

I hope you can take comfort in the fact that she will never be sick and suffer again. She is home with the Lord and I'm sure she is smiling down on her family now.

God Bless You

“ I hated to hear about the passing of Ms. Nancy. I took care of her at the hospital multiple times and came to love her during that time. I try hard not to become emotionally and personally attached to patients but how could I not love Ms. Nancy. She always had a smile on her face no matter what was going on or how bad she felt. At times I found myself going in her room just for the boost and inspiration she gave to me. Oftentimes she would let me "hide" for a little while as she would say "honey sit down and rest a minute". I will miss caring for her but I will never forget her. She was one of the few patients who said "thank you" everytime I did anything for her. She will never know the impact she had on me or the special place she held in my heart. For that I say thank you, Ms. Nancy!

“ Dear kids,
Your mom was a dear spot in my life. I shall miss her terribly even though I didn't see her that much. She made many smiles while we worked together, and whenever I saw her or visited with her, she was always full of news about her wonderful kids. You all were a blessing to her, as she was to me.

“ *Shanda, Chad & Chasity,
I hope you all know how much I cared about your mother and still care about each of you. We've had a lot of years together. In all the years, you all were the blessings that kept her going. With every graduation, marriage and grandchild she was so proud. She'll be watching over you and still be proud of your lives. I'll miss her.*
