“ I remember when my sister was born, she made the newspaper as being the smallest baby at 1lb 13oz to survive. I didn't get to meet her until she was 2 mo old, she looked like a tiny doll, she was beautiful!! And I loved her so much.

Just today, I have learned of Nita's death. We were neighbors and coworkers in Spring City, Tennessee. I had called her about 6 weeks ago and, of course, with no response. With the holidays upon us, I realized we had not talked and I did search and found her obit. She talked fondly of you, Norman, your children and grandchildren. She was very proud of your granddaughter and the challenges she had overcome. Susan Tacker, Aurora, Missouri.

“ Oh my dear friend!! How I miss you!! My days are incomplete without hearing from you. My heart aches knowing I can't hear your voice and laughter. I truly enjoyed talking to you. You will forever have a special place in my heart.
