

## Paul L. Goranson

December 30, 1941 - June 8, 2019

Paul L. Goranson, Kingston, passed away June 8, 2019 from a rare autoimmune disease, Scleroderma. He enjoyed a long career as an engineer for the Department of Energy in Oak Ridge.

He is survived by his wife, Jaclyn and step-children, Jody Troutman and Todd Rodenborn, whom he adored. His grandsons, Max, Alex, Mason and Aiden brought him great joy.

A memorial will be held in the future.

JK

“ I remember that last night of our European trip in Prague when we visited that food truck area. We shared favorites times of our trip, a few beers, and the best French fries ever! Ted and I are so happy we got to spend that time with Paul. We never entertained the thought that it would be our last trip. We were so compatible as travel buddies. Please stay in touch and reach out when you feel the need. Love you!
