“ You will be greatly missed. Death leaves a heartache that no one can heal, but the love between you and your children leaves a memory that no one can steal. “ You will be deeply missed by me. Since we were little playing on your grandma swing and playing in her big yard. Just talking about the good old days and how time goes so fast. I love you so much and will love you forever in my heart. I am glad that we had time together while mom and I were back there. The time ime just went so fast I wish we could of stayed longer. I am glad that you and Mary went to Hazard with us. I was always your little sister and you always made sure that I was doing well. You told me to watch over mom (your aunt) and take care of her. I will always cherish our last visit together and I love you. Just always send me a sign that you are with me and watching over me and mom. I love you.....your cousin Donna xoxo
