“ I worked with Pete for around 10 years. He was a worker and went above and beyond anytime that he could. About 3 years ago I ran into him after he had retired and he was so happy, enthusiastic, and full of energy. I was happy for him. He was living his best life and told me multiple times to retire asap. I'm working on that Pete. So sorry for the families loss.

I worked with Pete at Alpha 5 North. I didn't work with him for long because I went to Beta 2E. I saw him a few times after he moved to 9215. From what I saw he was always a kind and gentle man! May God Give The Family and Friends Peace and Comfort!
