“ *She was a fabulous teacher, full of spunk, humor, and wisdom and knowledge! I received training under her for two years (1982-1984) and have often thought about her through the years. In fact, I was just thinking about her yesterday and then read the obituary today, :(It really breaks my heart!
Am praying for you, her family, during this difficult time. May God bless you all and you find comfort in Him.*

“ *So sorry to hear about Ms. Honeycutt, I had her for 3 years in school. She was a wonderful woman and teacher. Thoughts and prayers go out to the family.
Vickie, although you already know this, but your mom loved you sooo much. She talked so proudly of you all the time. I'm sure she will always be with you!*

“ *What a wonderful teacher you were when I was in Health Occupations in High School! That was many moons ago, but I will never forget how professional and straightforward you were about teaching us the "right" way. Thank you for being such a fantastic example and leader for our class! May God and his greatness comfort your loved ones during this time of loss.*
