“ Hi Pam -

We came to the service yesterday and wanted to share with you what Bruce meant to us - especially for Taylor.

You may remember us from when you came with Bruce to our party at Chicago Uno Pizza in Maryville to celebrate Taylor's miraculous recovery from autism with everyone that God used to bring about Taylor's healing ("The Amazing Taylor Team").

We just wanted you to know - Bruce was one of the MOST instrumental members of the Team, as he was the man who opened all the doors for Taylor to get the services he needed through the school system. Because of Bruce's compassion and his love for Christ, Taylor is now "out of the woods" and well on his way to living a normal yet incredible life. For this we will always be eternally grateful and will always consider our dear Bruce as a true "MVP" on The Amazing Taylor Team.

We will remind Taylor throughout his life of the huge part that Bruce played in helping Taylor to live a fulfilling life.

We continue to pray for you and your family, asking God to bless you with the peace that only Christ can bring and a sense of great comfort in knowing that the legacy Bruce has left behind has produced, and will continue to produce a great harvest for years to come from the many lives he touched.

With sympathy and love,

Bill, Rose Anne and The Amazing Taylor

“ Bruce and I were good friends during our years at Tellico Plains High School. For four years, we sat together, studied together, and had a friendly competition in almost every one of our classes. I value his friendship during those years very much. May God bless his family during this time of grief.

“ Pam and Family.
Bruce was more than just a boss. He was a friend and someone that I could talk to about anything. He understood my frustrations as a teacher when I had them. I remember when I first moved to Monroe County and interviewed at Tellico High. Bruce called me about a Apartment for rent. That's the kind of man Bruce was. Bruce will never be forgotton.
We went to a conference in Gatlinburg my first year in Monroe County School system. Bruce was giving out room assignments and everyone had there's but me. There I stood and Bruce said, Fred you have to room with me because I have to keep an eye on you. He was always pulling jokes on someone and laughing. Bruce gave himself for the needs of others and was a light for our Special needs students because that's the man he was. He made such an impact on me personally and professionally. I will always think of him and the advice that he gave to me. I learned more from him than any college professor. I know there is a Special place in Heaven just for him because of the life that he lived here on earth and his willingness to help others. God Bless
