*That was one of the most beautiful memorial videos I've ever seen. I haven't seen you guys in quite a while. Your kids have grown up so fast. Your beautiful momma was an angel here on earth just like she is in Heaven. Chris, Shasta, and Monica, I have known you for years and have shared my mommas love with you so I feel like I can say I have great empathy for you and will pray you through your pain with you understanding what I mean. To you Scott and the rest of the family , my heart and prayers are with you all. At this time you may not know how to find comfort. That's ok. Just take time for yourself. God gives us beautiful people like your precious momma to make the world a better place. She's made her mark on the world. She left a remarkable family as her legacy. If you all need anything please let us know. May God Bless you all.*

*I loved Becky. She became a true trusted friend during the years. I hate she was taken so soon, but as you can see from the memorial pictures, she loved her family and they loved her. She always talked about her family. She loved them all so much. You know she is celebrating with her loved ones gone on before her. I will surely miss her. Praying for the family that God will give you all strength to endure during this sad time.*

“ I loved this woman with all my heart,she was a very,very special person in my life. She always made me smile and I cherished every moment I was blessed to spend time with her,from sitting in the chair at the dentists office to spending time with her and her family at Christmas. I have such very good memories. She was a wonderful wife to her husband,a mother to her children,a dear friend to my wife and I and I even called her Mom!  
I always said she was an angel and now she is among them,she will fit right in! Sadly missed but I know one day she will meet me once more with a smile as she always did,until we do you will always be in my heart.

“ *I have too many wonderful memories of Becky to share them all! She was the reason I looked forward to going to the dentist! I was terrified she might get fired because we talked as fast as we could and laughed so much. A particular story I recall is when Becky told me how she struggled to give her dog, Blossom, her monthly pill. I told her I had an easy and inexpensive fix. Pate' cat food. I told her it must be Pate'. On my next visit, Becky was so excited to tell me how perfectly the cat food had worked. It was a standard joke between us.*

*I loved this lady so much. I will miss her precious smile and her charasmic personality. I'm praying for her precious family.*

“ To the Mason Crew, How I loved Becky! She called me Kimmer. I will miss our "worry" talks. We shared being anxious about things we probably shouldn't be. She was a wonderful wonderful person. I am heartbroken about this. She was a shining light in my life. Always loved getting to see and talk to her. My Dad who just passed in September loved seeing and talking to Becky, too. He thought there was none better. Thinking of you all.
