“ Jo is my sister by 5 years. I was #2 of 5 so we grew up together. She was the sweetest, most gentle and kind-hearted person I ever met, even in my many years as a professional health care provider. She never complained, she endured. Jo took care of our Mama every day during the last decade of her life without sacrifice, usually playing cards! That sustained them both.
Jo, I will miss your chocolate pies!
I will love you and miss you forever.
