“ *My Dearest Most Special Uncle of All! Maybe not by blood but by heart you always loved me and accepted me because you knew me more than I knew myself. You always made me smile and was always glad to see me as I was with you. It just broke my heart when I seen you laying there at the hospital and I hope when you squeezed my hand that it was to let me know that you knew I was there and that you loved me back. Always kisses for that right cheek, and always love for you in my heart. You had a wonderful wife and raised a beautiful loving family. You left a wonderful legacy behind and we will all meet again one day in Heaven. Until then, I hope you knew how very much you were loved and how very much we will all miss you. I love you sooo very much. Me, Debra Lee*

“ I always enjoyed going down and talking with Doc at times when he and Mable would be visting at Jackys.

There was one Saturday that Doc and Jacky came over and mowed and trimmed my yard because my wife and myself had been sick and was not able to do so.

I will ever be greatful that was able to meet Doc. and to all his family I am very sorry for your loss, May God bless and comfort you in this time of sorrow.
