“ I came to Midway in the 5th grade. Mr. Moser was one of the first people I met, from the moment I met him I knew he was going to be a fun teacher but I had no idea how great he really was, at that time. He really loved teaching and it showed. He could be harsh at times for sure but always fair. I had the great fortune of my daughter growing up next to Vannessa's, meaning we saw him often at school events and playing softball together. I really cherished having him as a friend in adulthood. One of the proudest moments of my adult life was Mr. Moser giving me a hand made plaque that is shaped like Tennessee and says "Coach Squire." Knowing I had the respect of a man I'd admired for so long, truly meant the world to me. To his family I send mine and my families deepest condolences, you are all in our thoughts and prayers.

“ *Mr. Moser was a great teacher and friend. He not only was my 5th grade Science teacher, but I also had the privilege to teach with him for many years before he retired. He was such a funny man. Always making jokes to keep people laughing. Of course, some took him seriously, but he did it in fun and meant no harm. One thing for sure he said what he meant and meant what he said when things got serious. I am so glad I knew him and his family. They have always meant so much to me. Praying for the them, especially Ms. Betty, his children and grandchildren, for peace and comfort that only God can give. He will be missed greatly! I am glad I was counted as one of his friends.*

I had Mr Moser as my 5th grade teacher at Fairview. He was one of my favorite teachers and I know numerous other students felt the same.
