“ I just happened on this info.
We visited with Stella several times when we visited with Betty and Boyd in Georgia. She was a precious person. She seem to radiate with joy when engaging in the many activities that she learned to accomplish through Bettys' teachings, while living in their home.

Those were good times

“ I have fond memories of Stella. My favorites are of when Mom and Dad would take us to visit the family on the homeplace. Stella would always welcome us with open arms. She would always show me new flowers growing and tell me about things she had done. She was a ray of God's sunshine in this world. Love you Stella.
