“ Tommie....for 17 years I had you for my sister. We clicked immediately because I believe we were kindred spirits 😊. The laughter we shared, the talks we had. You will be forever in my heart. I always thought for sure we would meet again but now I know it will be a little longer before that will happen. I miss you so much and I love you. So until we meet again I will "put my big girl panties on" like you always said to me and keep going "with my head held high so my tiara won't slip". I will see you later my friend and my sister !!

😊👑💕😊 Love.....Cheryl

“ Tommie was a mirror of “Our Values” that we just rolled out as a company. She was a role model for our Team not just as an associate but also as a person. I will truly miss her as a Team Member and a Friend. It was my privilege to have worked with her. I will sum it up with a phrase that one of our Managers uses to describe people.....
“Everyone Loved them some Tommie”
